

# ADHA-529

ADHA-529 offers an enticing aroma of coconut and lemon combined with hints of tea and mint notes. ADHA-529's higher Alpha and moderate Co-Humulone give a nice, smooth bitterness to many styles of beer.

## Parentage:

**Aroma:** Sweet; coconut; lemon; hay-like; mint tea; green herb tea; mint/tea

## TYPICAL ANALYTIC RANGE:
